## Oh, Be Not The First.

Oh, be not the first to do this.

A line on the heart of a friend.

A line to the fifth of a lover.

Whose heart may prove true in the end.

We, none of us, know our neighbor.

And yet we speak of his virtues.

Or speak of him, at all.

A smile or a sigh may awaken

Suspicion most false and untrue.

In hearts that are honest and true.

How oft the light smile of gladness

Is seen by the friend that we most

To cover a full fall of shame.

Let your friend know your feelings.

Let him know the truth of your heart.

To put him to the test of a friend.

Or tell a suspicion to rest!

How often the friends we hold dearest,

The noblest emotions, come,

Have been the result of a lie.

And secrets that are told to friends,

Will find their way to the ears of the foe.

For how the mind that suspects,

Will find its way to the ears of the foe.

Then we should speak kind of a friend,

Or speak of him, at all.

**TRIALS.**—The trial of the Deputy U. S. Marshal at Glasgow, for shooting the two young Reynolds, has been postponed till the 23d. T. J. Clafflin has come to the front again—this time with a suit of \$100,000 against the estate of Commodore Vanderbilt. The grounds for the suit are said to be, that a number of years ago she deposited with Commodore \$10,000 for speculative purposes, and that he realized \$70,000 on it, which with interest now amounts to the sum named in the suit. Geo. McLeod, a civil engineer of much note, and late receiver of the Louisville Shortline R. R., died in Louisville last Sunday from the effects of a paralytic stroke. A fire broke out in an oil works in Brooklyn this week, destroying the building and creating a loss of \$400,000. The case of Mrs. Mary L. Jackson vs. the Southern Mutual Life Insurance Company for \$2,500, a policy held by her son, George N. Jackson, which the defendants refused to pay, in the grounds that he committed suicide, has just been decided in favor of Mrs. Jackson. This suit was tried in Louisville last year, and resulted in a hung jury. It was then, by a change of venue, transferred to the Circuit Court of Oldham county. A colored boy was killed by being run over by an engine at New Haven last Saturday. The Murphy Temperance movement is raging all over Ohio, and thousands are daily swearing off the use of the deadly cup. Our noble army is to be reduced to 25,000 men. Gen'l Sherman has already announced that instructions to that effect will be followed as directed by the Secretary of war. The Inman Steamer, City of Brussels, en route from New York to Liverpool, which was reported lost, has been heard from. She broke her shaft when three days out, and was going her way under sail.

One of the most startling of all the monster crimes of this wicked age, has just been perpetrated at the coal mines near Streator, Illinois. Owing to a reduction in the wages, the old miners at that point, some time since, "struck" in a body. Their places were soon filled by new men, and trouble was prevented by stationing a strong body of police around the mines. After the old strikers had exhausted their means, they went to work, as strikers usually have to do, at the old price, and the majority of the "Blacklegs," as they were called, continued still in the mines. A good deal of jealousy and hard feeling were entertained by the old miners towards them, which culminated, a day or so ago, in a revolting attempt of some fiend of their number to poison the whole set of Blacklegs. How successful he was is evinced by the fact that sixty men were soon in the throes of death from the effects of the deadly drug. No clue has been found to identify the perpetrator, but the authorities are working up the case. It is said that nearly all the poisoned men will die.

The trial of W. C. D. Whips, proprietor of the Willard Hotel, for the killing of John W. Stockton, his clerk, in January last, was commenced in the Jefferson Court on Tuesday last. Not much difficulty was had in obtaining a jury as had been thought, and the examination of witnesses soon commenced. There is eminent counsel on both sides, and the case will be argued in all its points. If it is decided that a landlord has a right to shoot and kill his clerk because he does not get up at the proper time—then that individual is not in such a delightful situation as his usual pompous leads a long suffering public to imagine.

MR. WILL. S. MARSHALL, JR., proprietor of the Shelby Democrat, has purchased a half interest in the Oldham Era, and moved his type and fixtures to LaGrange, and now, with one of the most complete offices in the State, the Era launches out anew, and with the most flattering assurances of success. W. W. Rowlett and Will. Marshall, are newspaper men of experience, and together, they make a team that is bound to pull the Era to the highest pinnacle of prosperity.

The fall of the Court-house at Rockford, Ill., just as the key-stone of the dome was being lowered to its place, caused the loss of ten or twelve lives, besides many wounded. Rockford is in Winnebago county, where Jeff. Davis received such cool treatment a year or two since, and this may or may not be a judgment sent on them for their extreme rigourousness.

A TELEGRAM has been received from Florida, announcing the death of Hon. Speed S. Goodloe, of Lexington. Mr. Goodloe has been in Florida, for some time, for the benefit of his health, and cheering reports of his improvement had been heard by his friends, who were appalled at the news of his death.

The Rev. Dr. E. T. Baird, who was expelled by the East Hanover Presbytery, Virginia, for appropriating the funds of the Southern Publication Company to his own use, has been indicted by the grand jury for embezzlement.

**PRIMARY ELECTION IN BOYLE.**—At the Democratic Primary Election held last Saturday in Boyle county to nominate a candidate for the Legislature, Col. C. E. Bowman received the highest number of votes, and was declared the nominee of the Democratic party. But owing to some kicking in the ranks, he has not yet accepted the nomination, tho' it is thought that the discordant element will acquiesce with the majority, and give Col. Bowman its hearty support. In that case Col. Bowman will declare himself. On the day of election a new candidate was put forward at Perryville, Mr. Thos. Prewitt, who received much the greater number of votes at that precinct, but was voted for, as we learn, at no other. Mr. Prewitt has entirely withdrawn from the contest, and it only remains for the Democrats to unite as one man, in favor of Col. Bowman, and all will be well. But that county is too equally divided as to political parties, to admit of any wrangle or disturbance in the Democratic ranks.

**THE WAR.**—Wednesday's dispatches still show the Turks to be victorious in Asia. The following dispatch from Constantinople, is dated May 15th: "I am glad to report the great success of the Turks in Asia, Monday. Admiral Hassan Pasha, after bombarding the fortifications of Sookoom-Kale, landed a number of soldiers, who were immediately joined by 3,000 natives. A violent combat ensued. The Russians were driven out of Sookoom-Kale to-day. Upwards of ten thousand natives joined the Turkish forces, who hold the fortifications. The town is in flames, and all the surrounding country is rising in support of the Turks."

FRED. DOUGLASS, the negro elevated to the position of Marshal of the District of Columbia by Hayes, made a speech in Baltimore, recently, in which he greatly vilified the people of the District. This little indiscretion is likely to result in his removal from office, as the indignant citizens are urging the President by strong petitions, to that end. Some of his bondsmen, too, have signified their intention of withdrawing from his bond, and the sable Marshal is in a bad way generally.

The daily papers continue to publish maps of the seat of war in Europe. The fun about it is, that no two of them are alike, and none of them more than partially correct. We are cogitating on the propriety of coining our pet cock-roach into a puddle of ink, let him wonder over a sheet of paper, and then get Tom Short to trace the line of his march on a flat piece of wood. If we decide on this wonderful plan we will publish our version of this little seat of war in our next issue.

The question that has long vexed O'Neal, Fry, and others, as to who would get the appointment as U. S. Marshal of this State, has at last been settled by the President, who gives each of them the grand bounce, and appoints R. H. Crittenden, of Frankfort, to the place. This is another show of Hayes' "pacifist policy," and it is an effort to harmonize the distracted elements of the Radical party who strove so fiercely for the office.

C. S. R. R.—More than 10 per cent. of the capital stock having been subscribed, the Commissioners now give notice that the Common Carriers Company will proceed to the election of a Board of Directors on the 22d inst., in accordance with the law. The Trustees will be then able to consider their petition for a lease of the road, and matters will begin to assume a shape bordering on a tangibility.

The fact that the Department of Justice is short over half a million of dollars, and the knowledge that the greater part of that sum was spent to put Hayes into the office to which Tilden was fairly elected, is now staring the people in the face. Think of this, ye worshipers of the administration—and see if "any good can come out of" such iniquity.

The first battle of much importance between the Russians and the Turks occurred near Batoum, last Friday, and resulted in the complete rout of the Russians, with a loss of 4,000 men, killed and wounded. The Turkish loss is said to have amounted to almost nothing, as they were strongly entrenched and protected.

Russia has a public debt of a billion seven hundred and fifty million of dollars, and Turkey has one of nine hundred and fifty millions. As it is hard for either of them to obtain loan, the likelihood is, that they will have to prosecute their war without money, an item in warfare that has never been the most important.

A MAN named Harris was tried in Louisville Tuesday, on a charge of making an indecent proposal to a respectable lady, and sentenced to four years in the Penitentiary. If this wasn't serving him right, we don't know what you call it.

PARIS, Ky., is imitating in a small way the example of Louisiana and South Carolina. Two sets of Council, both declaring that they are legal, have been sworn in. It has not yet been learned which of them Hayes will recognize.

**LATEST NEWS.**—The argument in the case of Commonwealth against Whips was commenced Wednesday, and a decision in the case was looked for yesterday, provided the jury did not hang. Terrible forest fires are raging in New York and the New England States, and a vast amount of property is being consumed. Military operations in Asia Minor are much retarded by the snow that still covers the ground.

H. F. FINLEY, United States District Attorney, has been invited by Attorney General Devens, to tender his resignation, but he refused on the grounds that his course has been without reproach and very acceptable to the people. Col. G. C. Wharton, is Devens' choice for the position, and it is said that he will order Finley down and out, at once.

The man, David Adkins, who was to have suffered the penalty of death at Barboursville, last Friday, for the murder of his sister-in-law, did not swing, as an appeal was taken in his case.

#### ROCKCASTLE COUNTY NEWS.

Mr. Tervan.

MAY 16th, 1877.

This weather suits us.

Now garden "truck" will grow.

The spirit of Isaac Walton is abroad.

The fruit was not injured by the recent cold weather.

The farmers' hearts are happy. Corn planting will be short work now.

There is a woman in jail. Wonder if she can't manage some way to get out?

C. A. Redd, W. L. Henderson and J. W. Brown left Monday morning on a picnic excursion to the neighborhood of Sublimity.

Let the Russian and the Turk bang away at each other as much as they choose. Luckily, we are too far off to hear the reports or smell the powder.

The man who "cussed" the weather last week, has shed his coat, lolls about the shade, and actually begins to shudder at the approach of "dog days."

Lena, a little daughter of W. A. and Elizabeth Brown, of Parksville, died on the 11th inst., after a brief illness. We tender our sympathy to the bereaved parents.

Isaac Stewart has located himself here for the practice of the law. He is a sprightly young fellow, has plenty of friends, and will, we doubt not, make a good lawyer.

A very interesting Bible-class has been organized in connection with the Sunday School. It is taught by Mr. Charles Kirtley. The discussion is frequently of extreme interest, and the exposition of obscure passages by the patient instructor, is always clear and satisfactory.

Lizzie Owens, who was indicted at the last term of our Circuit Court for maliciously shooting and wounding Lou Mullins, and who forfeited a \$200 bond by failing to appear for trial, was arrested on Monday, by her surety, W. M. Mullins, brought to town and lodged in jail.

Mr. Jeff. Hoffaker, of Meers, Sutcliffe & Owen, Louisville, was in town yesterday. Mr. James Spillman, a student of Centre College, Danville, spent last Sunday at this place. He was here visiting his sister, Miss Dora Spillman, who is connected with the Academy, as Music teacher. Mr. Henry C. Underwood, a quill-driver for the Courier-Journal, was at Livingston, last Sunday.

Capt. D. T. Wallace, commanding a squad of the advance guard of a fishing party, left yesterday afternoon for Reelfoot's Creek. The company camped out last night and were to catch all the fish they could. This morning the main body, a goodly number of our citizens, consisting of men, women and children, will join them. They propose to spend the day out there, making their dinner of fish. We hope nobody will get a bone in his throat.

There is one peculiarity about Mr. Vernon, which greatly endears the place to us. While other towns of its size throughout the State, have their tatters, gossies and lachrymose, who are forever keeping things in a boil, Mr. Vernon has none. Her people are thrifty, industrious and charitable. They attend to their own business, and each one keeps his nose out of his neighbor's affairs. Neither do they ever say anything unkind about each other. This makes of the place a perfect paradise. How sweet, how delightful it is to see people thus living in beautiful and harmonious accord with each other. QUIT.

#### GARRARD COUNTY NEWS.

Lancaster.

MAY 17, 1877.

Another week with onward march has left its record of events on the scroll of time. Whether many or few the faithful chronicler of every community of living, working, thinking, doing men, must find that which "points a moral or tells a tale."

The fatalist says, why pause to reflect as the hours give up their stores, the taking thought cannot hasten or hinder the stride of destiny. Yet, these moments of sudden shock quiet and will come amid the revelations of the great mystery.

The protracted meeting now in progress at the Presbyterian Church, commenced on Saturday evening, under the ministrations of the Rev. John S. Hays. On Sunday evening, after an impressive discourse upon personal influence, Mr. James Kincaid, one of the Chieftains of the National Bank at this place, went forward for membership. The services will continue at night through the present week. Dr. Henderson is now assisting.

The congregation of the Presbyterian Church have sold their church building in the Methodist for the sum of \$15,000, the former body of worshippers retaining the use of the house for one year, and the joint use of it during the succeeding year, after which, they hope to carry out their long cherished plan for a new building. Their Mission Society has furnished a negative for the ingathering of contributions when value can hardly be realized until tested by experience. The Methodist brethren of our little city, have known their seasons of prosperity in former times, and have undergone all the fluctuations common to a

settled organization, but they have never willingly resigned their claim to a visible, permanent establishment.

Died on Sunday morning, at 2 o'clock, of pulmonary consumption, Mrs. Mary Lusk, relict of the late William J. Lusk, whom she survived only seven months. The deceased leaves five children. Her remains were committed to the earth on Monday, at the Lancaster Cemetery.

Mr. F. D. Owsley has rallied somewhat, these bright days, and feels greatly encouraged.

Miss Rosa Brown, of the senior class of 76, of Franklin Institute, has charge of a select school at Antioch. In this connection we may mention with pardonable pride, the fact, that Miss Mattie Denny, daughter of A. R. Denny, Esq., and for several years a pupil of Franklin Institute, has received the highest honors in music, and the valedictory of her class at Mr. Stewart's, in Shelbyville.

Married on the 15th inst., Susan Glines to Arthur S. Killian.

The Richmond Branch has been keeping late hours recently.

We might furnish an item on the subject of book agents, but forbear; which, by the way, is more than they do. One of our late applicants for public favor is a gentleman who desires to secure a class in painting. His specimens are confined to color photographs which are soft and beautiful in tint.

On Monday evening, an insane man who had been temporarily confined in "Castle Eason," shattered a window, demolished a door, exterminated several men, and alarmed the neighborhood generally, in his frantic efforts to escape.

Among minor casualties one of the velocipede brigade, a little fellow of five years, fell and received an ugly wound on the cheek bone from the iron edge of his wooden wheel. Severe bleeding, swelling and fever followed the accident.

There have not been any cases of magnitude during the present week of the Common Pleas Court. Samuel Rothwell vs. the Louisville and Nashville Railroad, judgment and damages assessed for the killing of a fine mare. The suit known as the Lancaster and Danville Bridge case, has excited some interest. Quite a host of lawyers from Danville have been in attendance during the session.

On Monday morning, intelligence was received of the death of Mrs. Currey, of Harrodsburg, a most estimable christian lady, and the mother of our fellow-townsmen, Mr. Theodore Currey.

The lovers of street pageants are frequently attracted of late by processions of wagons bearing hands from some portion of railroad construction beyond our limits. CLO.

Artie Sada Water, only 5 cents a glass, at E. R. Chenault's. Tickets for 25 cents, as can be had at the counter for 25 cents.

WE have observed that numbers of the citizens of our neighboring counties flock to Stanford, to inspect and buy their goods at John H. Craig's Trade Palace.

THAT bully Dutchman, G. H. Esel, of Somerset, has gone to Louisville for a supply of goods and to get a peep at the races that commence next week.

PRESBYTERIAN CHURCH—Rev. J. Laton Barnes will occupy the pulpit at the Church at the usual hours next Sunday, Mr. Crow having gone to New Orleans.

FISHING—Dr. T. B. Montgomery, wife and party, leave on Monday for Green River, on a fishing excursion. Dr. J. T. B. has been here for a week, trying his luck on the banks of Rockcastle River.

STREET CLEANING—Main and other streets have recently undergone a thorough cleaning, and now present a very creditable appearance. The crossings, too, have been much improved, not however, until they sadly needed it.

METHODIST CHURCH—Rev. D. Welburn, Presiding Elder will preach at Green Church today, at 11 o'clock, and on Sunday at the usual hour. Rev. J. R. Peoples will leave tomorrow for Richmond, where he will assist Mr. Rockland during the week, in a series of meetings.

POLITENESS behind the counter is always fully appreciated. We have never seen any one call at the store of John H. Craig, who was not treated with the utmost politeness. The gentlemanly salesman and saleswomen, take a delight in trying to please all who give the Trade Palace their patronage.

THE Watts, who, it is charged, attempted to assassinate old man Lingfield, near Crab Orchard, an account of which we gave last week, have been arrested, and held to bail in the sum of \$400, to appear at the next Circuit Court. Mr. Lingfield has brought suit against them, laying his damages at \$5,000.

Mrs. E. R. CHENAUET met with quite a painful accident last Saturday. She was attempting to hang some pictures, and for that purpose stepped up on a chair, which gave with her, causing her to fall in such a position as to break both the bones of her ankle. Though suffering a good deal of pain, she is doing quite well, and will, no doubt, be all right in a few weeks.

MR. JAMES PAXTON and wife, left on Tuesday, for New Orleans, where they went to attend the meeting of the General Assembly of the Southern Presbyterian Church, which met yesterday.

MR. PAXTON was appointed a delegate, to it, at the meeting of the Transylvania Presbytery at Lebanon, last week. Rev. Wm. Crow also went as a delegate from his Presbytery.

MR. CALDWELL CAMPBELL, of Madison county, was in town last week, for the purpose of purchasing the property owned by Dr. Merriman, but owing to some flaw in the title, the purchase was not effected. We understand that it is Mr. Campbell's intention to deed the property, which is a very handsome one, to Mrs. Mary Logan and daughters, when the price is shown.

MEERS, WEAREN & EVANS have on hand 100 bushels of German Millet seed, at 65 cents per bushel.

THANKS—We are indebted to Capt. E. M. Coates, of Fort Fetterman, Wyoming Territory, for late Cheyenne papers.

PARTIES wanting to purchase salt, either in large or small quantities, will learn something to their interest by calling on Wearen & Evans.

A POCKET book containing a slip of paper bearing the name of L. B. Whiting, or Whitney, has been found in the wood near where the skeleton of the unknown man was discovered, and this may lead to the identification of the body.

REV. J. M. BRUCE will preach at the Baptist church next Sunday at 11 o'clock, and at Dr. H. H. Schuchman's in the afternoon, at 4 o'clock. No preaching at the Baptist church here on the 4th Sunday, as the pastor will be absent.

IS no inland town of this State, can a more elegant and beautiful stock of goods be found than at John H. Craig's Trade Palace. Mr. Craig, the head of the house, is, though young in years, comparatively, is a very veteran in all that concerns a first-class dry goods, notion, and millinery store.

WE hear great complaint from the house keepers in regard to the thieving negroes milking their cows while in the pasture. If some one would take the pains to hide near by, at an early hour in the morning or evening, with a well loaded shot-gun and give the thief a good dose of it, this annoyance would be brought to an end.

MR. S. BAXTER RISHER, the gentleman who is leasing all the coal lands in this and the adjoining mountain counties, called in Tuesday for a re-supply of blank ledgers. This is the fourth large order we have had from Mr. Risher, and we regard it as one of the best signs that he is doing a lively business. He has appointed Mr. H. T. Harris one of his agents for this county.

MR. D. A. INGERSON, accompanied by his wife and daughter, Miss —, took the train here Tuesday, for their home in Iowa. They have been living for a year or so past, at Somerset, Mr. Ingerson being engaged as a Contractor on some important Railroad work below there. Having finished up his work and paid off his debts, he leaves with the good will of all the citizens of that vicinity.

MR. M. G. NEVIER has in his possession a Spanish coin that was made in 1773. He keeps it as a pocket piece, and of course, can never say as the majority do, when he is asked, that he "hasn't got a cent."

Our lightning compositor, Capt. F. J. White, is also possessed of a couple of old coins, one made in 1798, and the other in 1800, which he has carried in his breeches pocket ever since he got them in Monterey, during the Mexican war in 1846-7.

Mrs. WATKINS, an exceedingly worthy lady, is left by the death of her husband during the winter, the sole support of herself and four small children. But she is a brave woman, and is ready and willing to earn her support by her needle. She therefore, solicits all kinds of sewing, which she will do in the neatest manner, on reasonable terms. We trust that the public will encourage her in her efforts by giving her a liberal patronage.

WAYNE CIRCUIT COURT—We learn from Judge M. C. Saulty, who returned from Monticello this week, that the Circuit Court adjourned on Wednesday. There were no very important cases on the docket, most of them being for minor offenses and amounts. Two representatives were sent to the Penitentiary, to-wit: Wm. Wright, for killing — Davis, 2 years, and John Hancock, 4 years for arson. Judge Owsley holds his next Court in Russell.

STILL IN FRONT—Mr. N. B. TEVIS is still in front in the Best Shoe, Hat and Clothing trade. His house is head quarters in Stanford for all the latest styles and best brands of boots, shoes, hats, clothing and gentlemen's furnishings goods. Tevis makes these goods a specialty, and is enabled thereby, to give his customers better rates than they can find elsewhere. He has a large stock of Spring and Summer goods, and is selling them very low for cash.

MARRIED on Tuesday morning last, at McKinnis's Station, by the Rev. J. Ballou Mr. J. R. Ward, County Attorney of Carter county, to Miss Lottie F. George, daughter of Mr. W. G. George. Immediately after the ceremony, the happy pair came to town and took the train for their future home. The bride is a very pretty and deserving young lady, and it is a subject of congratulation among her friends, that she has married a man so worthy of a true woman.

WE never experience how little we know and how small an atom of insignificance we are, until visited by a patent medicine advertising agent. As we contemplate one of these important personages and listen to the words of wisdom and knowledge that pour out of that hole in his head, of what he would do if in our infinitely small place, we are so overcome with wonder and awe, that we feel like hanging our diminished head in shame and seeing smiling, friendly hiding place. One of them was to see us this week, how these tears.

SPEAKING—Next Wednesday (23rd), will be a big day with the Grangers here. The Grand Master of the State, M. D. Davis, Esq., will deliver an address to them in the Court House, at 10 o'clock, and after that is over he will proceed to partake of the good things that the members are expected to contribute towards a grand dinner. We are requested to state that all the Grangers in the county are invited to be present, and that it is the desire of the Committee of Arrangements that all who can, will bring well-laden baskets of edibles, either of a substantial nature or of luxuries.

FEMININE PERSONALITIES—Miss Lucy Burton, of Harrodsburg, after spending several days with the Misses McKimney, left yesterday for a visit to Burkesville. Miss Sue Davis is a guest of Miss Rhoda Lytle. Miss Jennie Owens is visiting Mrs. J. H. Shanks. Miss Emma Dohls has been spending the week with Miss Jennie Carson. Miss Nellie Harrison, Miss Maggie Higgins, Miss Josie Pleasant, Miss Maria Warwick, Miss Maud Simpson, and a score of other pretty girls, have honored the town with their presence this week, making glad the hearts of the boys and dry goods and millinery merchants.

JOHN H. CRAIG will receive this week Summer Mills, at 65 cents per yard, cheaper than Louisville or Cincinnati prices.

A. A. WARREN again enters the field with the best Machine made, the old and well known front end, Buckeye Reaper and Mower. Samples on hand at the P. O. Stanford, Ky.

ICE—The warm weather of the past few days, has shown the necessity of ice, and Mr. Barrow, is, as usual, on hand, with a good supply, which he will deliver each morning to customers, at the low price of one cent per pound.

MR. H. C. UNDERWOOD, an attaché of the Courier-Journal, spent Saturday here, and we were much pleased to become acquainted with him. He was in search of live items for his valuable paper, but we fear our staid town had little of interest for him.

FATHER WHEELER, of the Catholic Church, preached at the Court House, Sunday, to quite a number of his members. His remarks were mostly in defense of the Catholic religion, which he asserted was but poorly understood by the masses in this part of the country.

KEEP COOL—This injunction is often given, but the question that naturally arises, is, how are you going to do it? We know of but one way, and that is to procure one of those beautiful Fans at Hayden Bros., a new lot of which, with handsome chains, they have just opened.

C. S. R. R.—The thing seems to be pretty well settled now, that Somerset is to be the end of a division on the C. S. R. R. The Chief Engineer has advertised for bids to be received until the 21st, for the grading and masonry necessary for the side tracks and an engine-house on sections 79 and 80.

MAN SHOT AND SERIOUSLY WOUNDED IN SOMERSET—A difficulty occurred in Somerset, on Tuesday evening, between Mr. Frank Vickery and Robert Nunnelly, in regard to some tanbark, which resulted in the former shooting the latter in the breast, inflicting, it is thought, a mortal wound. The shooting was regarded as so much an act of self-defense, that Mr. Vickery was not arrested.

CHRISTIAN CHURCH—Elder Shouse, Agent for the State Missionary Society, preached at this church last Sunday, from the 5th chapter of Mark, 18th and 19th verses. His audience, which was a large one, speak in very high terms of the effort, and an evidence that it had a good effect, was shown by the liberal contributions that he received for the cause. Elder S. H. King will preach at this church next Sunday at 11 o'clock.

OLD SUE has begun to shed his rays with such intensity that it is next to impossible for a lady who cares to preserve her complexion, to go on the streets without something to shield her from the heat. A PARASOL, is therefore, indispensable, and when you have such a handsome lot to select from as you have at Hayden Bros., and see the great reduction in prices, you will be sure to get one. They have them ranging all the way from 20 cents to \$10.

MR. GEORGE K. NOLAND, who, with Mr. Blackberry, is proprietor of a Patent Machine to register the number of drinks sold from a given reservoir has just returned from Richmond, Virginia, where he has been to see that an infringement on his patent should not be attempted by the originators of the bill lately passed by the Legislature of that State, requiring that each drink be registered and a tax of 24 cents paid thereon. Mr. Noland found that the machine which, it is expected, will be used is almost exactly like his and took the necessary steps to prevent it. Richmond, the beloved old Capital of our Southern Confederacy, he says, wears a thriving look and shows some symptoms of a revival of trade.

I. O. W. M.—D. F. C. Weller, Esq., Grand Secretary of the Independent Order of Working Men, organized a Lodge of that order at this place on Monday night, with some 15 or 20 charter members. The following gentlemen are the officers of the new lodge: President, R. C. Warren; Vice President, Dr. P. T. Troutcraft; Recording Secretary, S. S. Myers; Financial Secretary, Othello P. Mueschall; Treasurer, N. B. Tevis; Chaplain, L. C. Alcorn; Conductor, I. M. Bruce; Inside Guardian, J. J. Dudder; Outside Guardian, James Daugherty. Mr. Weller is a most enthusiastic member of the order, and is striving hard to extend its usefulness. The principal features of the order are its mutual aid arrangement, and a life insurance on each member for \$2,000, the amount to pay which being raised by assessment on the members.

SKELETON OF AN UNKNOWN MAN FOUND—Some tanbark men at work in the lower end of Casey, discovered a few days since, the skeleton of a man lying in a thick portion of the woods with a bullet hole through his skull. Nearly all of the flesh was off the bones, and the clothing, which was of good quality, was very much scattered. A small portion of the hair was found, which, from its appearance, indicated that the man had passed the meridian of life. No clue, whatever, that would lead to identification has been discovered, though it is the impression of the people of that vicinity, that it is the body of an United States Marshal. This is hardly plausible, however, as we have heard of none that is missing. There is no doubt that a foul murder has been perpetrated, and it is only a question of time, till it will be brought out, and the fiend who did his work well, will yet be discovered.

A ROSE and apparently deserving woman, with three small children was in town this week a piteful object of charity. Her name was Pearce, and she was originally from Pulaski, but was married several years ago and moved with her husband to some point in Southern Tennessee. He died recently, and she was left with no one to help her, and without any money but \$25 which she realized from the sale of a few household articles. She was endeavoring to get back to her friends in Pulaski, and had walked nearly all the way from her Tennessee home. This was the tale she told as she wandered around to the hotels here, but not one of them would take her in. Some young men, in their kindness of heart, raised a small sum of money and got her lodged at the Stanford Hotel. It is a sad commentary on our hotel keepers, who grow rich by the aid of their more fortunate customers, to publish it to the world that not one of them had enough of the milk of human kindness, or charity, to relieve a poor, starving woman and her children for just one night.

MARTIN, at the residence of Mr. S. N. Matheny, last evening at 6 o'clock, by the Rev. J. R. Peoples, Mr. Green Woodcock, of Boyle, to Miss Jennie Pence, of this county. The wedding was a very quiet affair, and took nearly every one by surprise, especially ourselves, as we did not hear of it till ready to go to press.

The exceedingly great popularity of the Store of Hayden Bros. is due from the fact that they keep the best goods for the least money, and always treat their customers with uniform courtesy and respect. Then, too, they are ever abreast with the fashion, and when a lady buys from them, she is satisfied of getting something new and stylish. We heard one remark the other day that the loveliest patterns of Dress Goods that she ever saw, are in the Hayden Bros' stock, and she knew what she was talking about. Their stock is large, but you had better examine it at once if you wish to see all their patterns.

KNOCKED IN THE HEAD—W. C. Covey, who lives at Shelby City, and is engaged to superintend the loading of Tanbark at that point, was assaulted and knocked senseless by a negro named Jim Newyear, last Friday. The weapon used by the black rascal was a car-cannon, and the cause of his anger, was that Mr. Covey had ordered his wife to desist from further using fire-wood, the bark under Mr. Covey's charge. Mr. Covey is in quite a critical condition, but will probably recover. Newyear was arrested and lodged in jail at Danville, and it is hoped that he will spend his next and many more years in the State Penitentiary.

## LARD, STOCK AND CROP ITEMS.

A number of farmers complain that the crops are very destructive this season to the crops.

Collins Gentry & Co., of this county, bought a lot of Wayne county hogs at about \$4 25 per cwt.

Richard White, of Madison, has engaged a number of lots of cattle in his county and this, to be delivered in July, at 5 cents.

Mr. Samuel E. Lackey arrived last evening with three car loads of Tennessee cattle, (68 in number) which he intends "filling up" on our luxurious hog grass.

It is now regarded as a certainty, that the much talked of race between Ten Broeck and Aristides, will not come off, as the latter horse has broken down completely.

Cattle continue to die from the swelling produced by too much grass. A number of farmers have lost fine animals. Mr. Jo. Farris is the last to suffer, in the loss of a very fine steer.

HOGS SHIPPED—Mr. E. B. Jones, of Monticello, shipped on Monday, 130 Wayne county hogs, and on Tuesday, Meers, Wearen & Evans, shipped 61, and Edwin Hawley, 58. All went to Cincinnati.

Mr. J. B. Owens' promising young 2-year old, speculation, stood a very severe test of his powers at Crab Orchard, and his owner now has no doubt of his success. He is one of the entries of the Louisville races.

At Lexington Court, from 200 to 300 cattle were on the market, prices running from 31 to 41c, according to quality. Broke mules brought from \$75 to \$100 per head. Horses abundant, and sold at from \$20 to \$75.

At a sale of Short Horns near Chicago last week, the celebrated bull, 21st Duke of Aldrie, brought \$8,000; the 22d Duke of Aldrie \$15,000; and the 20th Duke of Aldrie \$9,755. The average of 73 females sold, was \$314 52.

The Lebanon Standard says that a gentleman near, hat town sent 375 out of 400 chickens by feeding them dough with salt in it, and suggests that as salt is poisonous to them while living, the best plan is to defer the salting till after they are dead.

While an insect is destroying the blue-grass in some portions of this State, a careful examination shows that nothing of the sort can be discovered here. In fact, we are told that there was never a better show for grass than this season, as it is almost entirely free from white clover, or any other drawback. There is scarcely an inquiry for pasture, as every body seems well supplied.

Some time since, "Squire J. S. Murphy had a fine steer to become affected with a swollen tongue, which continued to swell until it filled its mouth so that it was unable to swallow. This week he had it killed to relieve it of its sufferings, but could find no cause connected with the tongue to produce the swelling. This is the only animal in his lot that has shown any sign of the affection.

Meers, Alford & Martin, the gentlemen who had the contract to furnish the Spanish Government with 1000 mules, have completed their purchases. Of the number, they bought 500 in St. Louis; 200 in Cincinnati, and 300 in this State. Considering the fact, that the Contractors are original Kentucky men, and the further fact, that Kentucky mules are the best in the world, it seems a little strange that they should have given so little of their patronage to this State.

LOUISVILLE LIVE STOCK QUOTATIONS—Monday, May 14.—Cattle—The market is as strong as in feeling as last week, although there has been but little, if any, change in prices. Sales have been slow all day of a unsatisfactory feeling. The receipts to-day foot up 418 head, at the following prices: Best shipping cattle \$5 50c to \$6 50c, best extra butcher \$5 50c to \$6 50c, medium \$4 50c to \$5 50c, 4 common \$2 50c to \$3 50c per 100 pounds gross. Hogs—Market declining. Best fatted 41c to 42c, extra 41c to 42c, and rough 40c to 41c. Sheep—Receipts light and small demand; the market off at least 35c per hundred. Best 41c to 42c, common and mixed 38c to 39c per 100 pounds gross. Lambs—Extra heavy 71c to 72c, good 61c to 62c, light and common 51c to 52c.

Tux Lexington Races commenced last Saturday with fair weather, fine stock and good attendance. The first race, one and one-half miles, was for the Phoenix stakes, 3-year olds, \$50 each with \$300 added, and for it there were ten contestants. Pool selling was lively, but the knowing ones got beat for once, and were surprised to see Girling's eventful filly, Brantman, come out two lengths ahead of the next best, making the distance in 1:58. The Longfield stake for the get of Longfield, now 3 years old, for \$300, mile heats, was won by Leonard, the property of H. P. McGrath, in 1:47. The religious meeting which commenced at Hotwell on the 16th of April, is still in progress. Mr. Powers holds his congregations, and his powers are still unflagging. All classes of people seem to be deeply interested. I am not able to give the precise number of those who have made confession, but it is large.

There was an affray in the contraband quarter on Sunday night, between Henry Blain and Jerry Hughes, of the colored persuasion. Henry fired four shots, wounding Jerry in the leg. The "bone of contention" was a fair, but frail damsel of ebony finish, of whom the gentlemen—both married men—were enamored. Henry was arrested, but succeeded in escaping from his guards yesterday morning. It is generally regretted that Jerry's condition is not dangerous. In haste, J. A. B.

Dear Journal:

The great wheel of Time has whirled away the space of several weeks since last I was wont to hold converse through your welcome and always interesting columns. But, since procrastination is not, I presume, by you considered a valid excuse for my tardiness, I shall not here attempt an apology, but hasten on toward that editorial attempt, which must be, I fear, an arduous task—for there is nothing much to say.

Nature, it seems, feign would make amends, in consideration of what her Frosty agent has inevitably destroyed for us in point of future luxuries—for the last few days have certainly been as lovely as could be desired. Look out for an attack of Spring fever!

Mr. W. H. Simpson bade adieu to home on the morning of the 8th inst., for a visit to his friends and relatives near Louisville.

We were delighted to peruse that inestimable communication which appeared in your last issue from the ready pen of "Bliss Belle." We hope she will cheer us often with her silvery tones, and thereby prove herself emblematic of the name.

MEERS, W. L. and R. F. Dawson—since the capture of that Turtle weighing 23 pounds—are designated as the champion fishermen of the neighborhood. They are not satisfied with their promotion, however, but boldly declare their intention of securing more valuable fish at the "party" Saturday evening, which they hope will weigh at least 100 pounds more. Let the way—come out and join us! Let the intention be fully represented on the above mentioned occasion—for we mean to play the MISCHIEF.

N. B.—The Grangers in this and the adjoining neighborhoods will please remember the appointment for the 11th, at 10 o'clock, when they have previously been announced to address the members of the order on the 23d inst., at 10 o'clock, after which dinner will be spread in the Hall. ## DOMESTIC ITEMS.

Edited by Campbell & Miller.

The Excelsior Harvesting Machine is the Kentucky Favorite. Over one thousand in use in the State of Kentucky. When crops are ripe and weather changeable, then a farmer wants a machine that will do all day's work each day. TWENTY-SIX acres a day can be cut with the Excelsior. 20 acres is ordinary cutting. Draft as light as any five foot cut machine in use. Cuts four and a half feet as a mower. Two cuts and four sickles. Changed from a mower to reaper in five minutes. Raise and lower head without stopping the machine. Apply to Campbell & Miller for full description and prices of the Excelsior machines.

HOME TESTIMONY—I have owned and used an Excelsior for about five years, and have also owned and used several other machines, but I regard the Excelsior superior to any machine I am acquainted with. It is very strong, runs light, and cuts perfectly. I have used mine in cutting briars and bushes, and have spent almost nothing for repairs.

Stanford, Ky., May 17th, 1877.

HARVESTING MACHINES—The Excelsior, with its late improvements—new jointed Reel, adjustable Pitman Connection, new Tilting Device, wrought-iron, steel-faced concave guards, 36-inch drive wheels, 6 foot cut, is unequalled by any machine in the market. Read this home testimony from Will Wharton, Clerk Washington County Court, made at Springfield, May 3d, 1877: I bought the Excelsior Combined Reel and Mower, made by Hoover & Co., Mansfield, Ohio, in 1867, and have cut from thirty to sixty acres of grain and grass each year since. I cut last season with my machine as heavy tangle German Millet as I ever saw, some of it six feet high. Most of it was cut with the Reeper—all but about one acre, which we had to mow. Now this was done with a machine which had been in use ten years, and I have never seen any machine except the Excelsior that would do good work after five years use, and very few of them last that long. I am satisfied that the Excelsior has no equal either as a Mower or Reaper. J. L. WHARTON.

Here is another from Elias Barnes, Jr., Richmond Ky.: "I believe it to be far superior to any machine made. Will do more work, run lighter, last longer, and is easier managed than any harvesting machine in the country. The Jointed Reel alone is worth \$50 to any farmer, and no other machine has it. The high wheels get over ground easily with one team. Last season I cut sixty acres of meadow and thirty acres of grain. No expense for repairs."

Mr. Isaiah Elkin, also of Madison county, says: "Last season I purchased the Combined Reaper and Mower, and cut with it over 100 acres of wheat, and
